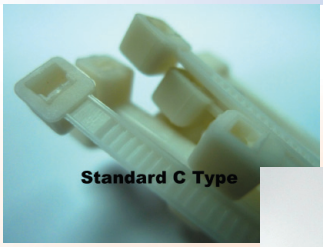
SYNERPER



Nylon / Polymer Cable Tie

Synerper has a full line of Nylon / Polymer cable tie with a wide variety of materials, colors, styles and size options to meet your specific application needs. Synerper stocks millions of standard style cable ties to ensure everyday's shipment for you.

Synerper cable ties made from the fire retardant material Nylon 6. We have UL94V-0 / UL94V-2 of Nylon 6 to cope with different market. The UL94V-0 flammability grading supports fire safety requirement in construction industrial. Most people killed in fires die because of smoke, not heat or flames. Our UL94V-0 material supports low smoke generating property. It is matching with our needs and wants in safety.

Personalize your own packing, and Showing the necessary information on your packing. Many color combinations are available to give your product a genuinely unique look. Call our experienced, friendly staff to assist you in exploring the possibilities. Send your artwork or company logo to Synerper and we will create a quick, computer generated seal for your approval.
