

Synerper Releasable Cable Tie (SRCT Series)

PRODUCT OVERVIEW:

The 7.6mm width black cable ties have a trigger style quick release mechanism that can easily be released by hand, making these ties ideal as a temporary fastening solution.

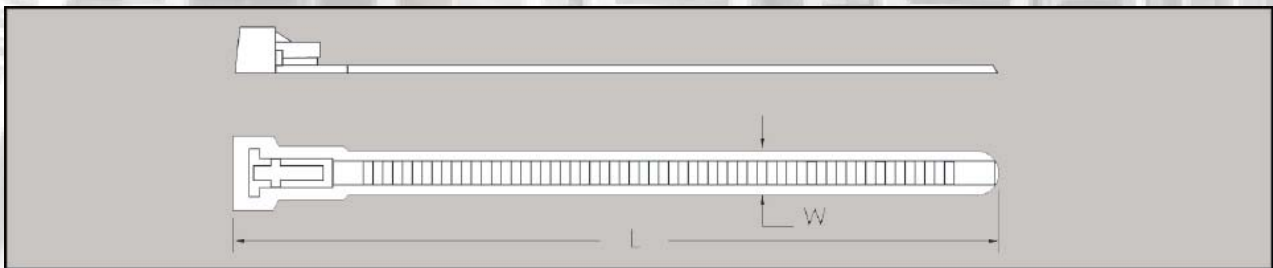

The easy to release clip allows you to reopen these cable ties to either reuse over and over again, or reopen to allow new wires to be added to an existing bundle.

These cable ties will remain securely locked until intentionally released by the trigger release mechanism.

To reuse the cable tie, it reduces the wastage for installation and arouse the environment conservation for installation.

Each pack contains 100 black releasable cable ties with trigger style quick release mechanism.

- Material: Nylon (Polyamide 6/6)
- Flame Retardant: UL 94 V2
- Operating temperature: -40°C to +85°C
- Low Smoke
- Halogen Free
- Environmental Conservation: RoHS Compliance

Part Numbering:

Part Number	Length (L)		Width (W)		Max Bundle Diameter		Guaranteed Tensile Strength	
	mm	inch	mm	inch	mm	inch	kgs	lbs
SRCT-760150■	150	6.0	7.6	0.30	35	1.38	22	50
SRCT-760200■	200	8.0			50	1.97		
SRCT-760250■	250	10.0			65	2.56		
SRCT-760300■	300	12.0			80	3.15		
SRCT-760370■	370	14.8			108	4.25		

Note: ■ - Black colour, if not mentioned; W menas white colour

Example

Part Number: SRCT-760300

Description: SRCT - Synerper Releasable Cable Tie Series
760 - Width 7.6mm
300 - Length 300mm
